## Documentation Assistance for Payers Not Listed

Though the provided list of payers is extensive, it is by no means all-inclusive. The following are assumptions that may help you appropriately document payers that are not listed. If you are unsure of the proper way to capture a specific payer, please submit a bug tracker request to the BMC2 Data Coordinating Center and we will be happy to assist.

### How to use the assumptions table:

The first column provides broad indicators and equivalencies that may be found in a portion of a more specific payer title, while the second column provides the appropriate capture method when abstracting data into the BMC2 site.

**For Example:** Anywhere "BCBS" appears, you can assume it is equivalent "BCBSM" and document it as such (unless it is a BCBS Out of State)

Assumption	Appropriate Documentation in BMC2 Website
BCBS = BCBSM*	Commercial Insurance - BCBSM
BSBS = BCBSM	Commercial Insurance - BCBSM
BC = BCBSM	Commercial Insurance - BCBSM
BS = BCBSM	Commercial Insurance - BCBSM
BCN = Blue Care Network	Health Maintenance Organization - BCN
BCBSM Anthem = Anthem	Commercial Insurance - Other
BCBSM OOS = Michigan Home Plan (but resides out of state)	Commercial Insurance - BCBSM
Medicaid/Medicare tied to other HP (not BCBSM/BCN)	Commercial Insurance - Other
Medicare Advantage tied to other HP (not BCBSM/BCN)	Government Provided Insurance - Other

\*If you are still unsure of how to properly capture a specific insurance provider not listed, please contact the BMC2 Coordinating Center so we may assist you.
