

INTEREST FORM

Thank you for your interest in sharing your experience as a patient or caregiver. A caregiver is someone who helps care for another person. By joining the BMC2 Patient and Caregiver Advisory Council, you can help us improve health care for patients and caregivers. Please fill out the form below and give it to your health care team or mail it to us. Our address is on the bottom of the form.

Name

E-Mail Address (if you have one)

Street Address (if you have one)

Phone Number (if you have one)

Where do you get medical care?

How would you like us to contact you?

Check the box(es) for the council you would like more information about or would like to join.

- ☐ **Heart Failure:** A health problem that makes it hard for the heart to fill with blood or pump blood to the body.
- ☐ **Percutaneous Coronary intervention (PCI):** A procedure that opens narrow or blocked blood arteries that carry blood to the heart. This may include putting in a small tube called a stent.
- ☐ **Vascular:** Health problems that affect blood vessels. These may include:
- Peripheral Vascular Disease - Poor blood flow in the arms, legs, or other parts of the body.
 - Aneurysm - A weak area in a blood vessel that may bulge or break open.
 - Carotid Artery Disease - Narrowing or blockage in the main arteries that carry blood to the brain and head.
